

RIDERS GUIDE

Welcome to Riesenbeck International

We are thrilled to welcome you to Riesenbeck International, proud host of this year's European Jumping Championships for Children, Juniors and Young Riders. It's an honor to bring together Europe's most talented young riders in a celebration of sport, passion, and partnership.

Whether you're here to compete, cheer, or simply enjoy the atmosphere, we hope you feel inspired and at home.

Best of luck to all participants—and enjoy your time with us in Riesenbeck!

– The Riesenbeck International Team

*“Every champion
was once a young
rider with a
dream.”*

ARRIVAL

**Adress:
Riesenbeck International
Surenburg 20
48477 Hörstel**

To ensure a smooth and efficient arrival process for all, please keep the following in mind:

- Follow the instructions of the parking staff at all times
- Park as close together as possible to maximize space
- Avoid bringing one truck per horse – whenever possible, travel together with other riders
- Limit the number of vehicles and support cars to reduce congestion

Thank you for your cooperation and team spirit – it helps make the event a better experience for everyone!

STABLES

Upon arrival at the venue, all horses must undergo a veterinary examination before entering the stables. This includes:

- Check-in by the event veterinarians
- Temperature check for each horse

Access to the stables will only be granted once these steps are completed.

The stable plan will be organized by each national federation. Federations will receive an allocation of boxes and are responsible for assigning them internally to their riders and horses.

Thank you for your cooperation in ensuring the health and safety of all horses at the event.

HEALTH PAPERS

If you require health documents for your horse to travel home, please note the following:

- You must inform the Show Office no later than Wednesday, July 9th at 17:00.
- Please come to the Show Office in person to fill out the necessary form.
- Late requests cannot be guaranteed to be processed on time.

This helps us coordinate with the veterinary authorities.

MEDIA SERVICES
